Professional Summary

MCA student with hands-on experience in JavaScript, Flask, MySQL, React.js, Node.js, Express.js, and data-driven application development. Passionate about building scalable web applications and solving real-world problems through clean, efficient code. Experienced in implementing application modules, designing database-driven features, integrating APIs, and developing user-focused solutions. Eager to leverage technical expertise and academic foundation to contribute to innovative, quality-focused technology teams.

Technical Skills

Programming Languages
Python , C , SQL, PHP

Frontend
HTML, CSS, Bootstrap5, React.js, Javascript

Backend
Python, Node.js, Express.js, REST API development , MYSQL, Express

Databases
MySQL, MongoDB

Tools & Platforms
Git, GitHub Versioning, VS Code, Android Studio, Postman

Soft Skills

- Communication , Teamwork, Adaptability, Collaboration, Time Management, Leadership Skill, Decision Making, Project Management, Problem Solving

Projects

HEART HUB, *In Data Science and Analytics* 09/2024 – 02/2025
Lead Developer
- Developed a machine learning web application using Python, Flask, Scikit-learn, MySQL, HTML, CSS, and JavaScript.
- Built a Decision Tree model to predict heart attack risk using patient health parameters.
- Implemented data preprocessing, feature scaling, model training, and secure user authentication.
- Designed a MySQL-backed database for efficient storage and retrieval of patient records.

Technologies / Tools Used: Python, Flask, HTML, CSS, JavaScript, Scikit-learn, MYSQL

CIVIC SENSE – AI-Powered Civic Complaint Management Platform 07/20206 – 10/2026

- Developed a digital civic-reporting platform that combines image-based AI classification, GPS location, duplicate complaint detection, complaint routing, notifications, reward points, and an administrative dashboard.
- Designed to connect citizen submissions with structured municipal complaint management and digital service delivery.

- **Technologies:** React, Node.js, Express, MongoDB, Gemini API, Google Maps/GPS

Smart Cafeteria Management System 08/2026 – 08/2026

- Developed a full-stack web application using the MERN stack to simplify cafeteria operations and management.
- Implemented modules for student registration, student record management, menu item management, and special offer management.
- Designed an interactive dashboard to display student statistics, total menu items, and active offers.
- Collaborated with team members using Git and GitHub for version control, code integration, and project development.
- **Technologies**: MongoDB Atlas, Express.js, React.js, Node.js, Mongoose, Bootstrap 5, Git, GitHub

Internship

Advanced Python Internship, *ICT Academy of Kerala* 06/05/2024 – 15/06/2024

- Completed a one-month intensive internship specializing in Python programming.
- Gained hands-on experience with NumPy, Pandas, and Flask for data handling and web development.
- Developed a Flask-based web application for efficient data management.

Educations

MCA, *Federal Institute Of Science And Technology* 08/2025 – 05/2027
Angamaly, Kerala

BCA, *Sahrdaya College Of Advanced Studies Kodakara* 08/2022 – 04/2025
Kodakara, Kerala

Certifications

Blockchain and Cryptocurrency
2022-2023; Technov

Council of Europe B2 English Entry Level Certification
2022-2023; Cambridge university

Certiport IT specialist - HTML5 Application Development
2025

Cyber security specialist
2023-2024; Technova

Advanced Python Internship
2024

Data Analysis certification
2024

Leadership & Volunteer Experience

Department of computer application, Fisat College, *Student Coordinator*

- Coordinated departmental programs and prepared agendas for the entire program within fellow coordinators.
- Supported faculty in administrative tasks, fostering a collaborative environment within the department.
- Organized events and activities, promoting student engagement and participation in departmental initiatives.

Area of Interests/ Hobbies

- Web application development
- Dancing
- Data Science
- Data Analysys
- Craft Works
- Full Stack Development
- Artificial Intelligence & Emerging Technologies
- playing Chess

Personality Traits

- Quick Learner
- Collaborative Team Player
- Problem Solving
- Adaptable

Languages

- English
- Malayalam
- Tamil

Declaration

I hereby declare that the information provided above is true and accurate to the best of my knowledge and belief.
